EDUCATOR EMPOWERMENT AT CARMEL PUBLIC SCHOOL

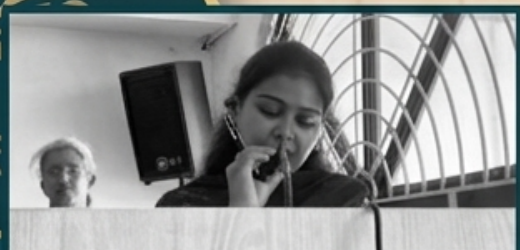

Carmel Public School, Veppampattu, conducted a Faculty Development Programme titled '**How to Handle New Generation Students**' under the ICSE 2021-2022 initiative, focusing on equipping teachers with modern classroom strategies.

The programme featured sessions by eminent educationists and resource persons. Distinguished speakers addressed the gathering from the podium, sharing insights on Gen Z and Gen Alpha learners. Key dignitaries were felicitated by the school management, including the Correspondent and Principal.

"Today's students need mentors who understand their world," said one of the keynote speakers. "Our role is to connect first, then guide. Clear communication, choice in learning, and celebrating effort over marks are key to handling the new generation."

The Correspondent, Rev. Sr. Principal, and faculty members actively participated in the interactive workshops. The event concluded with a pledge by teachers to adopt student-centric, value-driven teaching methods.

STUDENTS ENRICH ENGINEERING SKILLS THROUGH IITM SWAYAM PLUS PROGRAMS

CONGRATULATIONS

Students enthusiastically participated in two insightful training programs conducted under IITM Swayam Plus – IIT Connect, gaining hands-on experience and strengthening their understanding of core engineering concepts.

On 30th April 2026, a session on “Electronics for Aspiring Engineers” was attended by T.A. Dakshath, S. Sri Hariniya, S. Sangiya, and S. Divakar under the guidance of Teacher Pragyah Kumar. The program provided valuable exposure to PCB board design, circuit connections, and various electronic components. Students explored practical applications through real-life projects and developed a strong foundation in basic electronics.

Earlier, from 20th April 2026 to 22nd April 2026, students S. Ragav, M. Vaishan, and M. Jayan took part in a workshop on “3-D Printing for Aspiring Engineers”, held at the Central Workshop. The participants gained in-depth knowledge about the working principles and types of 3-D printers. They actively engaged in both individual and group projects and enhanced their learning through field visits to plastic molding and ocean engineering units. The program helped them build a solid understanding of the fundamentals of 3-D printing technology.

Both initiatives proved to be highly beneficial, equipping students with practical skills, innovative thinking, and a deeper insight into modern engineering practices, thereby preparing them for future technological advancements.

A Heartfelt Welcome to Our New Teachers & Sisters

we gather to welcome our new staff members and our dear sisters, Sr. Joel and Sr. Angel, into our Carmel community. Carmel is not just an institution; it is a family rooted in faith, love, and service. It is a place where minds are enlightened, hearts are nurtured, and values are lived every day. We believe that each new member who joins us brings fresh energy, new ideas, and a renewed spirit to continue our mission of holistic education.

Celebrating Your Service – Farewell

Sr. Edith, your presence among us has been a true blessing. Your dedication, kindness, and gentle guidance have touched the lives of many. Through your service, you have inspired us with faith, love, and commitment. The care and compassion you have shown will always remain in our hearts. As you move forward to your new mission, we pray that God continues to guide and bless you abundantly. May your journey ahead be filled with peace, joy, and fulfillment as you continue to spread love and light wherever you go.
